

NEGRO GIVEN LIFE FOR HOLDUP MURDER

Leonard Brown, 19, Hit Mason Adams, 41, With Fist—Fall Proved Fatal.

On his plea of guilty of the murder in a street holdup of Mason Adams, 41 years old, a printer of 5565 Maffitt avenue, Leonard Brown, 19-year-old Negro, was sentenced to life imprisonment by Circuit Judge Percy.

Brown and another Negro, seven, apprehended, accosted Adams as he was walking from the Radio Show at the Coliseum to his automobile parked on Washington avenue near Twenty-third street, the night of Oct. 23. The Negroes struck Adams with their fists, causing him to fall to the street, striking his head on the pavement, after which they dragged him into a hallway, robbed him of a watch and \$8 and escaped. Adams died two days later of a clot on the brain.

Brown was arrested in Detroit in December. He signed a confession, naming Percy Wallace as his accomplice. Wallace is being sought.

PENSIONS FOR TEACHERS REJECTED BY THE HOUSE

Resolution Proposing Vote on Necessary Amendment Receives Only Four Votes for Enactment.

JEFFERSON CITY, March 21.—Another pension measure, proposing a constitutional amendment to authorize municipalities and school districts to establish teachers' pension funds, was killed in the House today when the author, Representative H. N. Helcomb of Kansas City, called it up from the informal calendar for enactment. The measure received only four votes.

Representative W. E. Whitcomb of Monroe County, offered an amendment to pension all farmers reaching the age of 65 years, which he has used a club against all pension measures. The House adopted Whitcomb's amendment with a rousing voice vote and in the breath voted down enactment of the teachers' pension measure.

The House defeated passage of an enabling act putting into effect a constitutional amendment adopted in the last general election, authorizing municipalities to establish local pension funds for teachers. The bill received 66 yeas or 10 less than the required majority to pass a bill. This bill was offered by Representative Horace G. Beedle of St. Louis as a substitute for bills already passed by the House, which prescribe specific pension systems for St. Louis and Kansas City and provide for general taxation support the pension systems.

SEVEN MILES OF DEPOSITIONS READY

For Two Years Auto Man Has Been Assembling Evidence—Sapiro Has "Surprise" Witness.

By PAUL Y. ANDERSON, Staff Correspondent of the Post-Dispatch.

DETROIT, Mich., March 21.—Direct evidence for Sapiro will be comparatively brief, and probably will end this week. From himself, Sapiro's chief witnesses will be the men who are responsible for the alleged libel, namely, Ford, owner of the Independent; Cameron, the editor; and Fred L. Black, the business manager.

Two "surprise witnesses" are promised. There will be two or three depositions, copies of the Independent containing the offending articles will be introduced, and the plaintiffs direct case will be complete.

Then a long and arduous effort to justify the articles will be launched by the defense. An important aspect of this effort, it is learned, will consist in reading 254 depositions, containing more than 46,000 typewritten pages, which, if put together, would make a string more than seven miles long—sufficient to reach from the Mississippi River to University City.

Gathering Evidence for Two Years. Ford attorneys have been engaged in taking these depositions. Officers and members of nearly all the co-operatives organized by Sapiro in the last 12 years have been examined. With his unlimited resources, Ford has combed the country, and wherever Sapiro has been, and wherever there has been opposition to or dissatisfaction with his methods and results, the Ford lawyers have found grist for their mill.

The purpose of this seven miles of written testimony is to show that Sapiro, posing as a Moses come to lead the farmers out of the wilderness, exploited them to his own ends, and eventually left them in worse condition than he found them. In this connection will be shown the failure of a number of co-operatives organized by him. There is small likelihood that the defense will make any serious effort to show the existence of a "Jewish ring" such as the Independent described, but there is an absolute certainty that it will endeavor to convict Sapiro of having misled and killed the farmers on his own account.

While this does not meet the issue quite squarely, it is a very practical defense, and the Ford forces undoubtedly are shrewd in calculating that a jury would be very reluctant to award damages to a man whom it felt was a shrewd and a charlatan. In that connection, the instructions of the Judge may have a very important effect in directing the jury's mind.

More Than 100 Defense Witnesses. In addition to the depositions, the defense expects to produce more than 100 witnesses, including some who lost money through the co-operatives which Sapiro organized.

Sapiro's rebuttal probably will be much longer than his direct evidence. He will admit that the co-operatives founded with his assistance were not all successful, but will attempt to show that this was not his fault. As a matter of fact, many co-operatives have suffered numerous failures before finally attaining success.

Admitting also that he received large fees, he will endeavor to show that the services he performed, and were willingly paid by those who retained him.

The jury is composed of average citizens of the ordinary make of life, and is unusual only in the circumstance that it contains an equal number of men and women. Most of the members are of mature age. None of them is a Jew. The fact that four are Catholics is of some interest, in view of the issue of religious tolerance which enters into the case.

Who the Jurors Are. The following persons compose the jury: Charles J. Daly, about 40, married, of Waterloo, Mich., and the only farmer on the jury. Formerly owned a small country place which regards Henry Ford as a great man and a benefactor. Described himself as an "ex-Catholic." Charles J. Haag, about 50, a solid farmer, Catholic, who is a retired marketeer, lives in Detroit. Herbert Schoenhals, about 60,

Mrs. W. C. Hoffmann, a blonde and the wife of a Detroit plumbing contractor. Born in Detroit. or had ever obtained a loan from, nor can any member of it collect for such libel.

Gallagher replied that this was all very well as a general principle of law, but not applicable in this case.

"There was no vagueness in these attacks," he said. "This was not an attack upon nameless Jews or the Jewish race. It charged a definite conspiracy among speculative Jews, whose names were given. Here they are: Sapiro, Bernard Baruch, Eugene Meyer, Julius Rosenberg and about 20 others.

"Now the extraordinary relevancy of this evidence lies in this fact: If the Dearborn Independent had stated that Sapiro as an individual was bent upon subjugating the farmers of America and reducing them to bondage, the statement would have been absurd on its face, and the damage would have been little or none, because sensible persons would have laughed at it.

Definite Accusation Made. "Here, however, we are confronted by the definite accusation that there existed a large and widespread organization of Jews, aiming at the subjugation of the farmers and using Sapiro as its tool for that purpose. Such an organization conceivably might accomplish its purpose. It is not impossible on its face. Consequently, it is highly material to this case to introduce articles from previous numbers of the magazine to show that the defendants had malice against these particular Jews."

"We have been desirous of getting something tangible and here seems to be the opportunity to clean up the West coast situation. I don't imagine that you will have much difficulty in rounding the facts up on this, although all of it will take considerable time. If you can get it we'll protect you, of course, and it will be fully as remunerative if not more so than the Abrams matter."

"Let me know from time to time how the work is progressing and if there is any trip you must make to gather the facts, just go ahead and send in the expense account to us. I believe that you have an opportunity to do considerable 'chronicling of the neglected truth' in this case."

"I don't remember much about the convict story now. If you want to send it back, I imagine we can place it."

"Very truly yours,"

Jury Excluded From Room. The jury was excluded shortly before noon, when it became plain that counsel were entering a prolonged argument over the admissibility in evidence of copies of the Dearborn Independent as far back as 1919, which Gallagher offered for the purpose of showing Ford's and the Dearborn Independent's alleged malice against the Jews.

Ford's counsel strenuously contested the offer.

"The Jewish race is not the plaintiff in the case," said Hanley, "nor is Sapiro here as the representative of the Jewish race. Although the race might be libeled

in fact, it cannot be libeled in law, nor can any member of it collect for such libel."

MISSISSIPPI RISING TO NEAR FLOOD STAGE

Up 9.3 Feet Since Saturday With Crest of 29.5 Forecast for Thursday—Meramec Bank Full.

A rise of 9.3 feet since Saturday morning brought the Mississippi River to a stage of 27 feet, three feet below flood stage, at 7 a. m. today. Forecaster Hays said the rise would continue until Thursday, when the crest would be reached, with approximately 29.5 feet, half a foot below flood stage here.

Stages approaching flood conditions in virtually all important streams of Missouri, Illinois and Arkansas also were reported today. The Missouri River, rapidly rising below Jefferson City, was close to the top of the banks at Hermann, and the Osage, which is the highest of Missouri streams, already was in flood. The crest, however, had been reached in the smaller streams early today and a fall is expected by tomorrow.

The Meramec river was over the low bottoms at Valley Park, Pacific and Union, Mo., this morning. It is at or near its crest and is not expected to cause considerable damage. Other Ozark streams also were expected to remain just within their banks.

Flood Conditions at Grafton. The most pronounced rise in the Mississippi in the last two days has been between Grafton, Ill., at the mouth of the Illinois river, and Cairo, At the head today the stage was 11.9, slightly more than a foot below flood level, but flood conditions prevailed at Grafton and Alton. In the next few days a marked rise below Cairo is expected, due to heavy rains in the Ohio Valley and the rising of the Ohio river. Today the Ohio was in flood stage from Evansville, Ind., to its mouth.

Disruption of railway schedules, automobile traffic tie-ups due to washouts and overflowing creeks and rivers in the spring planting season, farmers have been generally throughout Missouri and Illinois. The St. Louis headquarters of the Automobile Club of Missouri reported roads to be in poor condition, but that all arterial highways were passable. Tourists, however, are being cautioned to stay south of National Highway No. 40, due to high water in the smaller streams of Northern Missouri.

In Illinois the most serious conditions were reported in the Wash and Illinois rivers. The Illinois has been but little short of flood stage for several weeks from Beardstown to the Mississippi and the Wash was more than a foot above the flood stage of 16 feet at Beardstown this morning. Ferries were operating with increased difficulty.

The storm that brought heavy rain over Missouri and Illinois in the last few days is now over the upper Ohio Valley and the Lakes region.

Osage River Rises 18 Feet; Mile and Half Wide in Places. By the Associated Press.

SPRINGFIELD, Mo., March 21.—Six families were forced to flee from their homes in Linn Creek, Mo., 15 miles north of Springfield, to escape flood waters resulting from an 18-foot rise in the Osage River yesterday. The Osage River near Linn Creek is reported a mile and a half wide in several places. Virtually half the residential district of Linn Creek is flooded, with business houses and the county courthouse in danger if the river rises an additional five feet.

Except for a single road to Lebanon, Mo., Linn Creek is isolated water covering State highways Nos. 5 and 13 to a great depth in several places. Mail, ordinarily delivered to Linn Creek over a State highway from Bagnell, Mo., is being ferried across the Osage in a skiff.

SHAW WINS SUIT OVER PLAY Court Denies Injunction Sought by C. S. Producer. By the Associated Press.

LONDON, March 21.—Justice Eve in the Chancery division today dismissed the action brought against George Bernard Shaw by Jesse Arnold Levinson of Los Angeles in connection with the film rights of the operetta, "The Chocolate Soldier."

Levinson had asked for an injunction to restrain the Irish dramatist from telling film producers or others that any motion picture entitled "The Chocolate Soldier" or based on that operetta would infringe his copyright, as the plot was taken from Shaw's "Arms and the Man."

Dry Agent Shot to Death. By the Associated Press.

BLUEFIELD, W. Va., March 21.—Chap Osborne, 42 years old, prohibition officer of Taxwell County, Virginia, was killed in an exchange of shots last night while he was trying to search an automobile for liquor, at Raven, Va. Myrtle Strouthe, driver of the car, was wounded in the hand by a shot said to have been fired by Osborne, and Cliff Joyce of Jewell Ridge, Va., one of Strouthe's companions, is in jail today charged with killing the officer. An argument over Osborne's authority to search the car without a warrant was said to have caused the shooting.

SURVIVOR OF S-51 AND WOMAN ARE KILLED ON BUS

Michael Secunda Lira and Mrs. Eugene Reed, Wife of Naval Basketball Coach, Wreck Victims.

Michael Secunda Lira, 25 years old, one of the three survivors of the naval submarine S-51, which sank off Block Island, R. I., when rammed by the steamer City of Rome, on Sept. 25, 1925, with a loss of 32 lives, was killed on a highway near Joliet, Ill., last night, when a Yellowway bus, on which his naval reserve basketball team was returning from Chicago to St. Louis, skidded into a concrete culvert abutment.

Mrs. Eugene Reed, 35, wife of the coach of the team, also was killed. Five other members of the St. Louis team and another reservist, who had gone along as a spectator, suffered minor injuries and are in St. Joseph's Hospital, Joliet. Reed and another member of the team, also on the bus, escaped injury.

Defeated Three Divisions. This team, representing the Thirty-eighth Division of the naval reserve, had defeated those of three other divisions in the Seventh (St. Louis) Battalion and on Friday went to Chicago to meet other sectional winners in the Ninth Naval District championship contest, held on the U. S. S. Commodore, reserve headquarters at Chicago, on Saturday. The St. Louis group was eliminated in the first round.

Lira, who lived at 5820 Wabasha avenue with his widowed mother, Mrs. Jennie Lira, was a first-class machinist's mate in the reserve, and was employed as a mechanic at the Busch-Sulzer Bros. Diesel Engine Co. He enlisted in the regular navy on Nov. 21, 1918, and was honorably discharged from the submarine service on Jan. 9, 1926, entering the reserve three months later. He was assigned to the S-51 on June 1, 1925. When that submarine was rammed he was in bed in his quarters. He ran for the conning tower, from which he escaped, scratched by the radio mast, and swam in the water 45 minutes until he was picked up by the City of Rome. He testified at the naval inquiry

that the Captain of the City of Rome said to him: "I don't give a damn for the ships, but I'm sorry for the boys."

Reed, a chief machinist's mate, served army here, at the foot of Ferry street, for more than 10 years, residing there with his wife, and four children.

The Injured Players. Those injured on the bus are: Walter H. Freirichs, 20, captain of the team and first-class seaman, of 5129A Gilmore avenue, injured about the hips.

Gene A. Hoffmeister, 20, second-class seaman, of 5222 Oriole avenue, cut about the head.

Edward Schaefer, 19, second-class seaman, of 5259 Gilmore avenue, nose and wrist cut.

William O. Uphouse, 22, coxswain, of 4057A St. Louis avenue, injured about the head and hands.

Timothy J. Fitzgerald, 21, second-class seaman, of 3829 Shenandoah avenue, injured about the hips.

Thomas McGuire, 37, chief storekeeper, not a member of the team, of 4238 North Twentieth street, cut and bruised about the head and hands.

The other member of the team on the bus, not injured, was Harry Paul Uphouse, 19, second-class seaman, brother of William. He and Reed returned from Joliet today by train.

Others Return by Rail. M. C. Koetter, second-class fireman, a brother-in-law of Mrs. Reed, residing at the Armory; William Wallace, second-class water tender, of Venice, Ill., and Mrs. Wallace, spectators, had returned from Chicago by rail. Lieut. Charles La Barge, a reserve officer, and Lieut. Walter Hennerich, medical officer, and their wives, made the trip in La Barge's automobile.

J. Scott Harrison, 25, of St. Louis, driver of the bus, is held in jail at Joliet, pending the inquest. The bodies of Lira and Mrs. Reed remain there for the inquest. Harrison told reporters he was trying to pass a machine ahead of him, near Manhattan, on State highway No. 44, five miles south of Joliet, and skidded on mud washed out of the concrete. The left side of the bus was torn off as it caught against the culvert abutment. Mrs. Reed was killed instantly and Lira died within a few minutes.

LOTTO GAME RAIDED AND PRIZES SEIZED

Man and Wife Say They Were Giving Private Party to Entertain Guests.

On a tip that there was gambling at 1503 North Twentieth street, city detectives yesterday afternoon raided the second-floor flat at that address and found 200 women and six men engaged in a lotto game there. The flat was vacant except for rude tables and benches provided for the game, and had "For Rent" signs on the windows.

The raiders arrested Mr. and Mrs. Edwin Piosok of 2003A Cass avenue, who said it was their party. The others were not held. Piosok explained that he and his wife were giving the lotto party for friends, declared there was no admission charge and surrendered the prizes—two glass bowls, two aluminum pots and a granite pot. Piosok said he received the key to the flat from the Lovasi & Raszauer Real Estate Co., agents for the property, to enable him to show the rooms to prospective tenants. He decided to hold the party there, he said, because there was more room than he had at home. He and his wife were released on bond, to answer any charge which might be brought against them.

GOFF HOLDS REED COMMITTEE STILL HAS POWER TO ACT

Republican Member of Fund Investigators Declares That Authority Is Continuous.

UPHOLDS RIGHT TO IMPOUND VOTES

Group May Sit Anywhere at Any Time and Can Open Pennsylvania Ballot Boxes, He Declares.

Post-Dispatch Bureau, 20-23 West Blg., WASHINGTON, March 21.—Senator Goff of West Virginia, conservative Republican member of the Reed campaign fund investigating committee, has declared categorically that the committee has full authority to proceed with its investigation of the Pennsylvania Senatorial election, despite failure of the Senate formally to extend the life of the committee.

The text of the Goff opinion was made public today. This opinion guided the committee at its meeting Saturday when it issued its ultimatum to David S. Barry, sergeant-at-arms of the Senate, directing him to answer within five hours whether he intended to impound the ballot boxes used in the elections in Lackawanna, Delaware, Luzerne and Schuylkill Counties, Pennsylvania. When Barry declared that he could not answer until he could consult "with those whose opinion should have legal weight," Chairman Reed of Missouri instructed Jerry South, counsel of the committee, to take possession of the ballot boxes and election documents of these counties and bring them to Washington.

Goff's opinion in letter.

Goff's opinion was in the form of a letter to Reed. It bore the date March 15 and was a reply to a letter from Reed written March 5, immediately after the adjournment of Congress, requesting Goff to ascertain whether the committee had authority to take testimony of witnesses during the recess, whether it had authority to impound the Pennsylvania ballot boxes and whether those boxes could be opened if necessary. Goff replied to all questions in the affirmative. Goff was an Assistant Attorney-General under Harry M. Daugherty.

Comparing the Senate to a court of law, Goff declared that the Senate was a continuous body and that its orders continued during a recess.

"The Senate is a continuous body," Goff stated in answer to the question whether the committee had authority to take testimony of witnesses during the recess, although its authority was not specifically extended by resolution 364. This was the resolution killed during the last days of Congress by the filibuster of Senator David A. Reed of Pennsylvania and Senator George H. Moses of New Hampshire, Republicans. "To borrow an analogy, the Senate is similar to a court of justice," Goff continued. "A court is a continuous institution. The judge may die or its sessions may come to a close, but the jurisdiction of the court as a court continues. Certainly any order duly made by the Court to perform a specific act continues regardless of the death of the judge or the ending of the session of court at which the order was entered."

Can Act Anywhere Any Time.

The language of Resolutions 195 and 324, the two resolutions authorizing the committee to make its investigations, empowered the special committee to sit and act at such times or places as it might deem necessary, Goff said. To conclude, that the authority of the committee ended with the Sixty-ninth Congress would mean that an express temporal limitation has been read into the resolution by interpretation and inference, he said.

Only one paragraph was used by Goff to answer whether the committee had the authority to impound the ballot boxes and preserve election records in Pennsylvania.

"This question is answered in the affirmative," Goff said. "It was expressly stated in the second whereas clause of Resolution 324 that unless certain evidence (which undoubtedly embraces among other matters the ballots cast) relating to said charges and said election is preserved for the use of the Senate, it will be lost or destroyed. Obviously the preserving intact of the election records and the impounding the ballot boxes, the contents of which would contain the corroboration or the refutation of the election records, is the sine qua non of the 'continuing and preserving the statu quo.'"

In plain English, Goff meant that if the boxes were not impounded and the election records preserved, the Senate would never know and could not find out later how the votes were cast and counted.

Can Open Ballot Boxes.

To the third question: "Has the special committee the authority to

open the ballot boxes if it deems such course necessary?" Goff answered again in the affirmative. He declared that if anyone should say that these acts were properly the duty of the Standing Committee of Privileges and Elections it would be sufficient answer to say that the Senate, by a special resolution, saw fit to turn the investigation over to the special committee during the session of Congress, and that if the Standing Committee had had the authority that the special committee now possessed, no question

would be raised as to whether it had the power and authority to open the ballot boxes.

In conclusion, Goff stated that to say that the committee had not the authority to open the ballot boxes when such a step became materially necessary, was to say that the committee was to be arbitrarily restricted in the subpoenaing and the examining of witnesses—steps absolutely essential to the discovery of fraud or the existence of intimidation and corruption in the senatorial election.

When the plumber and mechanic get to talking with the hardware dealer, their minds generally meet on NICHOLSON Files as keen cutting durable tools.

Both the plumber and the mechanic use the NICHOLSON Flat Bastard File for cutting away metal stock, and the hardware dealer, besides keeping it for sale, finds endless jobs for this file around his home.

The NICHOLSON Flat Bastard File has double cut teeth and comes in lengths varying from four inches to eighteen inches.

There is a right file for every kind of work and a NICHOLSON File for every purpose. Hardware dealers carry them because of their ability to cut faster and last longer than any other kind of file.

MISSING AVIATOR SHELTERED BY INDIANS

Alaskan Runner Brings Word
That Flyer, Forced Down
in Storm, Is Safe.

By the Associated Press.

McGrath, Alaska, March 21.—Harbored by friendly Indians who found him wandering aimlessly in a snowstorm, G. E. Young, pioneer Alaskan aviator, is in a native settlement on the Lower Kuskokwim River, awaiting a moderation of the weather before attempting to attempt to extend airplane service to the isolated villages west of here.

Young left McGrath a month ago on the last leg of his flight from Anchorage to Bethel. His abandoned plane was found the next day on the ice of the Kuskokwim below Kaltagut.

Airplanes and dog teams from five Alaska towns searched without avail for the missing aviator until last night when an Indian runner brought word that he was safe.

After being forced down by a gale by engine trouble, Young left the plane and sought the scanty shelter afforded by the trees which fringe the Kuskokwim. Realizing he would perish if he did not reach some habitation, the aviator started out in a snowstorm and had been stumbling blindly through the snow for hours when he was picked up near the village by the Indians.

With the assistance of the natives, Young has repaired the plane and will resume the journey to Bethel as soon as the present 40-below zero weather moderates. Young came to Alaska from Detroit three years ago.

Burglars Rob Church Safe of \$350. Burglars knocked the combination off a safe in the office of the Central Negro Baptist Church, 232 Washington avenue, last night and escaped with \$350.

SOLOMON, IN ALL HIS GLORY, TO BE OUTDONE

Clothiers' Convention Maps
Out 1927 Youth in Silver
Gray or Blue Ensemble.

Behold the model young man, 1927, as sketched by leaders of the National Association of Retail Clothiers and Furnishers, which last year sold nearly \$500,000,000 of clothes to the 1926 model, and today assembled about a thousand strong at Hotel Statler for annual convention.

He wears a three-button coat with peak lapels, trousers of discreet width—29 inches at the knee and 18 at the bottom—a six-button vest with long points, slender black shoes, and a hat with brim narrower but still snapped down at the front.

His favorite shades for spring are silver gray, light tans and blues or the sand shades. The necktie is a bit quieter and smarter, preferably in two-toned—only two tones—stripes. The shirt is still the starched collar-necktie, and at its best in solid color. The socks are in quiet stripes or one shade, and very likely they are Halse.

Soft Front, Rolled Coat.

The coat will be of a soft front, rolling to the second button, and if it is a two-button coat the lapels will be round. And for the college student, who is likely to wear whatever caprice or paddle-wielding upper classmen call for, the clothiers assume no responsibility.

Above all, the colors will go along together. "Ensemble" is the clothiers' favorite word. If the model young man ventures from simple harmony, he will do it with a theme in the suit picked up with variations in the necktie, and so on. If he does it thus sympathetically, he will not, so to speak, rely too heavily upon the braces.

And he will not consider his dinner coat formal. The clothiers still are remonstrating against the popularity of the Tuxedo and selling more of them every day.

Insult on Formal Occasion.
"A Tuxedo is an insult to any formal occasion," one deprecated. "It's a club coat or a dinner coat. And it's strictly a stag coat. At the opera, it's wrong. It may pass for the theater. But for a dance or any occasion where the ladies are in evening dress, it's all wrong."

But, if the dinner coat must be suffered, he continued, it will be most inoffensive with the peak lapel, faced with dull silk, and trousers of the same width as the frankly informal ones. Starched pleats or stiff front will be good for the shirt, but it will be the one-kind. Shoes, kid or patent leather, may have toe caps, and the color may be midnight blue or Oxford gray, since neither is easily distinguished from black.

FOUR SURPRISE BURGLARS

IN HOMES IN ONE HOUR

South Side Residents Find Thieves Fleeing Through Windows and Doors at Night.

Four St. Louisans surprised burglars in their homes within an hour last night. At 9:50 o'clock John Simms, 3452 St. Vincent avenue, entered his home and saw a man climb out a side window. A wrist watch was missing. At 10:15 o'clock, J. J. Wysocki, 3619 McRae avenue, entered his home and heard someone climbing out the bathroom window. Five minutes later, Miss Louise Vowles, 3664 Rhine avenue, walked into the kitchen and found a burglar there. He ran past her and out the front door. At 10:50 o'clock James Crane of 3651 Hickory street entered his home as a burglar ran out of the rear door with \$5 and two watches.

Mrs. Olive Dannelly, 3023 Olive street, reported that burglars yesterday afternoon stole \$50 in cash, a trunk, a vacuum cleaner and eight Boston terrier pups from her home.

Irving Mack, a taxicab driver, was robbed of \$5.50 by two young men "fares" at Robert and Alabama avenues at 9 p. m.

CONFIRMATION OF ORRICK TO BE OPPOSED IN SENATE

William Maffitt Bates Will Lead Move to Prevent Appointment as Police Head.

Special to the Post-Dispatch.
JEFFERSON CITY, March 21.—There will be opposition in the State Senate to confirmation of the appointment of Allen C. Orrick as president of the St. Louis Police Board.

It will be led by Senator William Maffitt Bates (Rep.), St. Louis, who will confer with other Senators. Two other Republican Senators from St. Louis, Warner and Depelheuer, also have said they were opposed to Orrick's confirmation.

Whether the three St. Louis Senators can carry their point is doubtful, as the Senate majority is Democratic. Orrick, a Republican, was appointed by Gov. Baker. Senator Bates bases his opposition on what he regards as extravagance in the Police Department, and Orrick's opposition to the police home rule bill.

FIVE MEN INJURED WHEN SKIDDING AUTO OVERTURNS

Driver Swerved to Avoid Car Which Stopped Suddenly in Front of Him.

Five men were injured, one seriously, when an automobile in which they were driving from Granite City to Scott Field, skidded off the wet pavement and overturned on the street car tracks at West Main and Seventy-sixth streets, Belleville, at 3 p. m. yesterday.

The injured are: Clarence Lancaster, 35 years old, of Granite City, broken rib and punctured left lung; Aubrey Barrow, 21, Granite City, dislocated left hip, fractured left ankle and body bruises; Odell Barkley, 23, of 353 Whittier street, St. Louis, fractured pelvis, cuts and bruises; Raymond Lancaster, 18, Granite City, internal injuries and bruises; B. B. Futrell, 39, of 2034 R street, Granite City, owner and driver of the car, cuts and bruises.

All were taken to St. Elizabeth's Hospital where it is said Clarence Lancaster's recovery is doubtful. The accident occurred when Futrell swerved the machine to avoid a collision with another car which had stopped suddenly in front of it.

Glenn Cobb, 8 years old, of 1617 South Third street, suffered a fractured skull at 4 p. m. yesterday when he was struck by an automobile driven by Christ Sebastian, 5436 Blow street, as the boy attempted to run across Broadway at Lafayette avenue. The child was taken to City Hospital.

CORONER INVESTIGATES DEATH OF KATIE EMMETT, ACTRESS, 68

She Had Sought Admission to Actors' Home in New York, but Had Received No Reply.

Special to the Dispatch.—The Coroner of Berrien County, at Benton Harbor, Mich., is investigating the sudden death of Katie Emmett, 68 years old, a former actress, Saturday night in her home in Benton Harbor. It was first given out she had taken an overdose of a sleeping powder.

A week ago Mrs. Emmett had written to her old friend, William Roche, manager of the Harris Theater, and asked how she could get into the Actors' Home in New York, but Roche had not had time to reply.

Katie Emmett, born in Philadelphia, went on the stage as a child. Later she played Juveniles' characters, usually boys, in "The Waifs of New York," "The American Boy," "Killarney" and "From East to West." Her first husband was Billy Emmett, owner of the Chicago Academy of Music. After his death she married Harry Williams, a melodrama producer. Her son-in-law, Tom Shaw, lives in New York.

WIFE OF FUGITIVE CONVICT ARRESTED IN OKLAHOMA

Mrs. Ray Terrell Had Stolen Jewelry Valued at \$1500 in Her Possession.

OKLAHOMA CITY, Ok., March 21.—Mrs. Ray Terrell, wife of the desperado, is in jail. She has admitted her identity, according to Mount R. Powell, Assistant County Attorney. In her possession was found jewelry valued at \$1500 which has been identified by J. H. Hamble of Temple, Tex., as loot taken from his jewelry store when it was robbed last February.

Terrell, known as the "most escaped convict in Oklahoma," last was apprehended in Missouri. While he was being returned to Oklahoma, he leaped from an automobile and eluded officers. The latter reported that Terrell had slipped off handcuffs under a lap robe and freed his hands of manacles before he leaped from the car.

MILITIA GUARDING NEGROES AT COFFEYVILLE, KAN., SCHOOL

Officer Warns White Pupils Who Were Said to Have Planned Exclusion.

By the Associated Press.—COFFEYVILLE, Kan., March 21.—Negro high school pupils took their customary places in classes here today while white pupils attended a special assembly called by Superintendent Decker, at which Capt. G. W. Noel of the National Guard warned them that no attempt at violence toward the Negroes would be countenanced. The white pupils heeded the advice and went to their classes quietly.

The guardsmen, called out Friday night when mob attempted to seize a Negro arrested in connection with an attack on two white girls by three Negroes, were stationed about the school this morning. It had been reported that high school pupils would attempt to prevent Negroes from attending school.

Arrest of members of the mob which damaged the city building continued today.

TUESDAY IS COAT DAY IN THE BIG SALE

Our buyer searched the New York markets for these garments—telegraphing back of their extraordinary values—and rushing many of them to St. Louis by express that they might present the utmost Coat values to our clientele.

SPRING COATS

The Enthusiastic Response Our Patrons Granted These Coats Gives Us Confidence of Their Superiority in Every Way

\$20

Color, always paramount in the selection of a carefully planned wardrobe, assumes even greater importance in this season of Coats. And these are in the very newest hues.

Particular women, in the quest of the newest vogue, enter Nugents with full assurance that they will find what they seek... at a sale price that is unquestionably low for these qualities.

VALUES THAT MAKE THE EASTER OUTFIT POSSIBLE

Coat fashions are subject to frequent change—new ideas in line or color are constantly being introduced. These are the most successful styles in casha, twill, suede-like fabrics, imported plaids, fashionable trimmed with monkey fur, ombre lapan, squirrellette, erminette (coney fur).

See our windows—they present the most elaborate display of these modish garments. Many of these Coats are true copies of imported modes—styles that are identical in line, material, and color with the French imports—and we present them in this event at an appreciable saving.

Don't Let That Cold
Turn Into "Flu"

That cold may turn into "Flu," Grippe or even worse. Rub Muterole on the congested parts and see how quickly it brings relief.

As effective as the milder old mustard plaster; does the work without blister.

Muterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

THE DANGER ZONE

Don't treat a cough lightly. Don't be foolish and say, "I'll get over it."

No matter what causes it: exposure, colds or irritation from dust and smoking—a cough is a signal that the throat tissues are inflamed and may quickly become breeding places for germs that lurk in the mucus. If this infection spreads, serious consequences will result.

Get rid of that cough right now before it "settles" in the "danger zone". Take PERTUSSIN at once.

It loosens up congestion promptly, and by stimulating expectoration, helps to rid you of sticky, germ-laden phlegm that clogs the air passages.

PERTUSSIN is a simple herbal remedy—pleasant to take, free from "dope", and has been prescribed by physicians for 20 years. If your cough has already settled in the "danger zone", you should see your Doctor.

INCENDIARY PLANT
FOUND IN \$60,000
MAIN STREET FIREImprovised Fuse Leading
From Inflammable Lacquer
to Ether Pinched
Out by Salvage Corps.

Fire, apparently of incendiary origin, yesterday destroyed the two upper floors of the five-story building at 1206 North Main street, occupied by the Boggs Broom Corn Co. and the St. Louis Broom Supply Co. Salvage Corps men discovered and dismantled an improvised incendiary plant on the second floor.

When James Freeland and Fred Storl, Corps members, ran into the building with tarpaulins to protect the stock from water damage, they found that a barrel of inflammable lacquer had been turned upside down in the center of the floor. From the pool of lacquer a fuse of twisted clothes-cloth, saturated with ether, led to a glass bowl several feet away. In the bowl was about a pint of ether, in the center of which stood a slender lighted candle. Presently, if Freeland had not pinched out the flame, the candle would have ignited the ether and made the room a roaring furnace.

Coal Oil in Sprinkler. The incendiary material was taken to Carr Street Police Station, together with two quart bottles containing a small quantity of liquid, thought to be ether, which were found on the second floor. After the fire, police sought a similar plant on the upper floors, but if there was one there, the flames had destroyed it. A sprinkling can containing some coal oil was found on the fourth floor.

The alarm was sounded by automatic sprinklers. Twenty fire companies responded and within an hour the blaze was under control, though a brisk wind from the river threatened for a time to carry the blaze to other warehouses in the vicinity. Several passenger trains were delayed in the yards for more than an hour, because of fire hoses stretched across the tracks, and spectators found seats of vantage on top of railroad cars.

Shortly after the fire apparatus arrived, the watchman, James Gibson, 63 years old, appeared on the scene. He had left at 2 o'clock for a restaurant, and before that had spent a half hour in the building cleaning the first floor offices, he explained. He had seen no one in the building, he declared, and had not observed the fire plant while he was in the building.

Loss Estimated at \$60,000. John H. Rode, president of the St. Louis Broom Supply Co., was at his home, 3338 Flora place. He estimated the loss at \$60,000, and declared he knew of no enemy who might be responsible for the fire. Other, he said, was not used by either of the concerns which shared the building.

J. B. Furstenberg, president of the Boggs Broom Corn Co., it was explained at his home in Normandy, left Saturday night on a Western buying trip.

A similar fire in the broomcorn building two years ago caused damage estimated at \$15,000. Firemen reported finding a 10-gallon can, the bottom of which had been blown out, in the building on that occasion. Furstenberg said then he thought the fire was caused by crossed wires or a spark from a passing locomotive.

One of the few remaining fire horses of the department—"Old Tom" of Engine Company No. 13—lost his life because of yesterday's blaze. He lost a hoof in a street car switch at Seventh and Carr streets while drawing an engine to the blaze, and was shot.

**MEXICAN REBELS HOLD UP
TRAIN, KILL CONDUCTOR**

Band Led by Rodolfo Gallegos Burns Coaches After Robbery; 5 Military Guards Missing.

MEXICO CITY, March 21. — A passenger train bound from Laredo to Mexico City was attacked and robbed Saturday night by rebels commanded by Rodolfo Gallegos. The conductor was executed, five soldiers of the military escort were missing, and one soldier was wounded. A report to the War Department by Gen. Amabilis says the first-class coaches were burned, after which the train was allowed to proceed, arriving at San Miguel Allende, where it was forced to stop, the rebels having destroyed several bridges.

Federal troops were guarding the Mexico City-Chihuahua highway following upon the holding up by bandits of 11 automobiles yesterday. The passengers were robbed, but were not subjected to physical violence.

DRINKS POISON BY MISTAKE

Carpenter, Who Thought Mixture in Flask Was Whisky, Dies.

Maxwell C. Moore, 45 years old, a carpenter, of 1710 Oregon avenue, died at 1:20 p. m. yesterday afternoon, a few minutes after drinking a mixture containing poison, used in small quantities by his wife as a tonic.

Mrs. Moore had placed the flask containing the preparation upon the kitchen table, where it was found by Moore. He told her he thought it was whisky.

GIRL ACCIDENTALLY SHOT ON
VISIT FROM HER FIANCE

A revolver was accidentally discharged by John Smith, 19 years old, of 1826 North Fifty-second street, Washington Park, a suburb of East St. Louis, while he was calling on his fiancée, Miss Hazel Bolin, 14, of 2212 North Thirty-sixth street, East St. Louis, at 1:15 a. m. yesterday, and she suffered a flesh wound in the right cheek. At St. Mary's Hospital, where she is being treated, Miss Bolin today said Smith carried the weapon for protection against vicious dogs. She said he showed her the weapon, as he stood in her living room, about to bid her good-night, and she playfully tickled him in the ribs, whereupon the weapon was discharged. He was not arrested.

RETAIL CLERKS GET INCREASE
Belleville Merchants Agree to 7
P. M. Saturday Closing.

Retail stores in Belleville will close at 7 o'clock, instead of 8 o'clock, Saturday nights, the Retail Merchants' Association and the Retail Clerks' Union have agreed. The compromise agreement eliminates the possibility of a strike which was threatened early in the negotiations.

Under the new agreement, signed for a year, the clerks also will receive an increase of \$1 a week. During the week the stores close at 5:30 p. m. daily.

INGROWN NAIL
Turns Right Out Itself

"Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

A few drops of "Outgro" in the crevice of the ingrowing nail reduces inflammation and pain and so softens the tender, sensitive skin underneath the toe nail, that it cannot penetrate the flesh, and the nail turns naturally outward almost overnight.

THREE KILLED WHEN AUTO
GOES OVER 275-FOOT CLIFFGirl, Third Occupant of Car in
Oregon, Clings to Rocks Until
Rescued.

By the Associated Press.

PENDLETON, Ore., March 21.—Three persons were killed and another was injured when their automobile plunged over a 275-foot cliff west of here yesterday.

The dead: Benjamin Griggs, 21 years old, and Barbara Watkins, 18, of Pendleton, and William L. Holt, 26, Baker, Ore. Helen Whitford of Pendleton was thrown from the car and clinging to rocks on the face of the cliff until her screams attracted passing motorists who rescued her.

Illinois Woman, 104, Dies.

CHICAGO, March 21.—Mrs. Katie Shields, 104 years old, a resident of Kane County, Ill., since 1846, is dead in an Elgin hospital.

MAN, 84, SAYS HE
KILLED COMPANION
IN ROW OVER DEBTW. W. Pine, Formerly of
Vernon County, Held at
Nevada for Death of Cal-
ifornian, 50.

Special to the Post-Dispatch.

NEVADA, Mo., March 21.—A gray-haired man, enfeebled by his 84 years, sat in a cell in Vernon County jail here yesterday and, with no outward display of emotion, told how he killed his companion on an overland journey from California last Sunday, in an argument growing out of a \$50 debt the prisoner alleged was due him from the victim.

As he finished his story of the slaying the aged prisoner, W. W. Pine, a carpenter-farmer who lived in this county prior to going to California, two years ago, turned to Sheriff Thornton and Prosecuting Attorney Phelps and said: "I want to plead guilty and take my punishment. I don't want any attorney to represent me, either."

Body Taken From River.
Sheriff Thornton said Pine's plea most likely will be accepted within the next few days by Circuit Judge Thurman at a special court session, as the prisoner has indicated he does not wish to wait until the regular May term of court to enter his plea.

The body of the slain man, A. E. Eklund, 50, a colored man, San Diego, Cal., was found late Friday, floating in the Marmaton River, about six miles northwest of Nevada, by a fisherman. Bullet holes were found behind the left ear and in the right shoulder, causing a mortal injury.

The first clue in the case came Saturday afternoon, when a man visited Sheriff Thornton and informed him that Pine was attempting to sell a .22-caliber pistol. Eklund was killed with bullets of that size, Pine was arrested and at first denied knowledge of the murder. He told conflicting stories of his recent movements, however, and after hours of rigid questioning, he admitted the crime.

Says Victim Slapped Him.
In his confession, Pine said he met Eklund while in San Diego. March 1 last, he said, they decided to come here and started on the journey in Eklund's automobile.

The trip, the prisoner related, was without incident until last Sunday, when he demanded that Eklund pay him \$50 which he alleged was due him. An argument ensued, and Pine asserted Eklund slapped him in the face. Jumped from the machine and ran toward the Marmaton River, which runs parallel to the highway on which they were traveling, a short distance from where the body was found.

When Eklund jumped from the car, I took my pistol from my pocket and started firing," Pine said. "I fired three shots at him, shooting the last time just as he ran along the river bank. He staggered and fell into the river, and I drove away in his machine."

Pine said Eklund's machine last Monday at Milo, eight miles south of Nevada, and since that time he had been staying here with his son, Jacob. Another son lives in Redlands, Cal., and a daughter resides in San Diego.

BROKEN GLASS PATROL

TO MAKE STREETS SAFE

To make the pavements safe for traffic, a glass patrol will be instituted tomorrow by the city Street Department, Director Brooks announced today.

Calls will be received by the department (Main 5560, Station 16) from any point where glass, from broken windshields, light standards or lamps is reported as being scattered in the street. The patrol, a Ford truck, will be kept at the city stables, Vandeventer avenue and Forest Park boulevard, and will be sent to sweep up the glass as promptly as possible.

FRUIT AND GARDENS NOT HURT

Although a temperature of 30 degrees, two degrees below freezing, was reported in St. Louis County last night and there was thin ice in some places, fruit trees and garden crops were not injured, H. L. Lobenstein, assistant county extension agent and a specialist in fruit and produce, said today.

A complete freeze would be required to damage these crops now, he declared, but the present chilly weather will stop their development for the time being. Peaches, Lobenstein said, are about two weeks ahead of their usual development. Recent mild weather has resulted in the blooming of many fruit trees in the county. Garden produce has not developed far yet.

Drunk Driver Fined \$100.

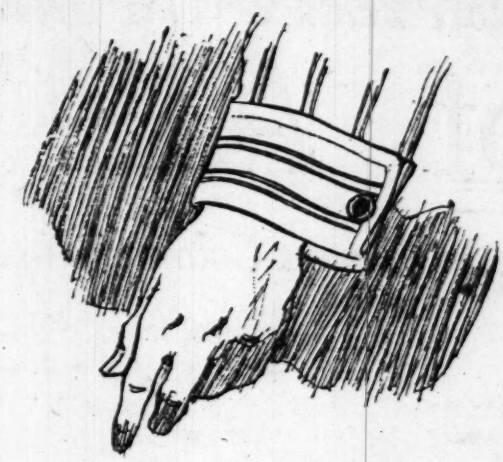

Everette Hodge, 34 years old, of 1734 Mississippi avenue, a laborer, paid a \$100 fine on his plea of guilty today in police court of driving an automobile when intoxicated. Two policemen testified that Hodge nearly ran them down when they tried to halt him at Broadway and Barry street last night. They overtook him at Soudard street and Seventh boulevard in a department automobile.

SLAYERS ON HUNGER STRIKE
Duchowski at Joliet and Scholl at
Gary Refuse Food.

CHICAGO, March 21.—Rather than be separated from his companions, Charles Duchowski, killer under sentence to hang, has gone on a hunger strike to compel Joliet jail authorities to allow him to rejoin the two cellmates involved with him in a recent escape attempt.

Another killer, Walter Scholl,

confessed slayer of his two small children, also has gone on hunger strike at Gary, Ind., at least until his wife goes to him. Scholl declared that he still loved his wife and did not believe she intended to marry again as soon as he is electrocuted, as she has been quoted as saying. Mrs. Scholl departed for Gary, saying she would stand by her husband to the last. She denied that she planned to marry again.

New method revives dormant hair roots

HERE is new hair under written guarantee; falling hair completely stopped under guarantee. You are asked to take nobody's promise. You pay nothing if the Van Ess method fails. It is folly not to try it. It does what no other method does or has ever done: Massages powerful root-rejuvenating and germ-killing elements directly into the follicles (roots) of the hair. It is protected under U.S. patent. It cultivates a totally new growth of hair—lustrous, wonderful hair with the sheen of youth actually grown where now thinning—or you pay nothing. You just rub it on your head, morning or evening, for scarcely a minute.

In last two years, it has proved 70% effective, according to record, in some 200,000 cases of falling hair, semi-baldness and even total baldness. That means success followed in the great majority of cases. Consider what this means. Why then go on fooling yourself with old-time tonics? This method grows the hair roots people used to believe were beyond recall are revivable. Go to any drug store. Get the Van Ess Liquid Scalp Massage. Written guarantee to grow new hair in 30 days, to stop falling hair completely, supplied by the dealer with full treatment. Costs the same as ordinary hair remedies.

WASHINGTON, March 21—

Former Gov. Clifford Pinchot of

Pennsylvania, who is making com-

mon cause with Senator Norris of

Nebraska against the growing con-

centration of private control in

the electric power industry, has

set forth his views in a letter from

his present Washington home to

the Governors of the 48 states.

Pinchot gained a national reputa-

tion as a conservationist under

President Roosevelt.

Charging that "extortionate

profits" are being made at the ex-

pense of the small consumers of

electricity, Pinchot suggests that

each Governor could perform a

service for his state and the nation

by obtaining figures on the cost of

electric power in the state and the

prices in the stock values of

Insull's utilities magnate of

quarter of a million dollars toward

the nomination of Frank L. Smith

for Governor of Illinois last year.

Pinchot's letter to the

Governors of Missouri is as fol-

lows:

"I am writing to call your atten-

tion to what has become one of

the most important questions now

before the Governments of the

several states. It is the question of

growing electric monopoly, and

what the people are paying for

electricity and what it would be

if they were to pay, whether in

the form of a tax on the farm,

under the title of Giant Power

and the honor of laying this mat-

ter before the Conference of Gov-

ernors in 1924. There was then

no interest in the subject and it

was but little understood. Today it

is in the front rank of public ques-

tions.

Gauged in Pennsylvania.

In Pennsylvania the small con-

sumer is paying two or three times

as much for electricity as he is in

other states. Doubtless a simi-

lar situation exists in Missouri.

The increase in value of stock

holding companies which

control Pennsylvania power and

corporations, from 1920 to

1926 averaged 236 per cent. Fur-

thermore, the small domestic

consumer 44 mills, or more

than 10,000 per cent, in five

years.

These vast increases in stock

values represent profits which come

not to the small consumers of elec-

tricity but to the owners of the

companies. The recent report of

the Giant Power Board of Pennsylv-

ania, a copy of which I am send-

ing you, shows that it costs the

companies about three times as

much to serve the small domestic

consumer as the big power users.

On the average charge to the

small consumer is often 10 times

as much as the charge to the big

consumer. In the case of the

small consumer 44 mills, or more

than 10,000 per cent, in five

years.

"HOWDY KING" CHEAP

BUT AMUSING PLAY

Minor Watson Pleasing in Role

of an American Cowboy

Abroad.

Written down to the level of

the average motion picture

fan's idea of a pretty nifty

comedy drama "Howdy King"

came to the Shubert last night

and pleased the usual Sunday evening

customers immensely. Looking at

it as a spoken movie it is enter-

taining, but viewing it from any

other angle Anne Nichols' offer-

ing is in a class with her own

"Able's Irish Rose." Miss Nichols

did not write this piece, however.

She merely produced it and while

it will never attract the crowds

which Able did it should serve as

a good small town entertainment.

The story, suitable alike for a

film or a musical comedy, is of a

millionaire cowboy from Arizona

who takes a shipment of horses

abroad and discovers that he is the

rightful king of the little European

state of Eldorado. Revolutions

and plots get tangled up with the

comedy from then on, but before

the evening is over the cowboy

straightens everything out and wins

the American girl he was after all

the time.

Minor Watson romps through the

role of the king in a breezy and

pleasing way and is, almost single-

handed, responsible for most of the

fun. A newcomer to stardom he

should prove a welcome addition

to the list of light comedians.

The rest of the cast is equal to

the slight demands made upon

them and "Howdy King" is cheap,

but amusing. H. H. N.

business he did at that house last

week.

IT'S JOE VERSUS JOE THIS

Frisco and Darcey Pile Up Honors

on an Entertaining Vaudeville

Program.

The Joes seem to have it at the

Orpheum this week. And it's keep-

ing Joe Frisco, of derby and fat

cigar fame, hustling to do any

headline capering over Joe Darcey,

blackface comedian and singer.

Both Joes do their level best, Fris-

co as pleasingly and cleverly as his

always does everything, and Dar-

cey surprisingly new—to us, at

least—and a splendid time is had

by everybody.

Frisco's big climax, after he's

gotten a great hand for his usual

clowning and dancing along the

line that led him to fame and for-

tune, is a Yiddish Black Bottom

that's a scream. Darcey's rarest

feat is a peppy song melody num-

ber. Yesterday's opening through

just wouldn't let him go.

A sketch written by Harry Delf,

played by a company of five. Ned

ter much. The Jewel Mankins at

BY CATHOLIC PRIEST**Father McCarthy Says Laws
Against Its Teaching Tend to
Ridicule Religion.

Speaking on the theme of evolution in his Lenten lecture in St. Louis Cathedral last night, the Rev. Raphael McCarthy, S. J., professor of psychology in St. Louis University, said that legislation against the teaching of evolution and trials based on such laws tend to make religion appear ridiculous. He declared, however, that the conclusion of evolutionists had not been proved scientifically.

"As Catholics," he said, "we admit evolution so far as it is proved and we shall admit so far as it will be proved. But it is a long leap from the data at our disposal to the conclusion that everything, including man, has arisen through a process of gradual change from the body of some lower form of life. It is exceedingly strange that he has left no traces of his upward climbing. The animals with which he is supposed to have struggled when he was a cave man have left their bones embalmed in the rocks, but we look in vain for the bones of the cave man."

"You will probably remember that last fall the newspapers featured articles about a skull that was found in Java. The reading public was told with easy assurance that it was the skull of a prehistoric man, of a missing link. It was said to be complete; the first one that had ever been discovered intact. But at the December meeting of the Convention of American Scientists, Dr. Hrdlicka, one of the foremost anthropologists of the world, declared that a critical examination of the supposed 1,000,000-year-old skull had revealed beyond all doubt that it was an extinct elephant's knee. He added further gloom and snatched other toys from the hands of the credulous when he reported that the 'Southwestern Colorado man,' whose skull had been reconstructed from a tooth and who was supposed to be the grandfather of all ancient men, was really the tooth of an early species of horse; that the 'Montana man' was not a man at all, and the Sonora man had a skull which borings proved to be a plaster cast."

"What I warn you against is this, do not be deluded by rumors. There is no proof to show that mankind has been in a state of steady progression from the protoplasm to the present state. It is not demonstrated, as it should be demonstrated before it is regarded as an absolute fact, that the savage is simply an animal who is advancing to a higher state of organic development and perfection. Is it not possible that the savage may be a degenerate man instead of an elevated animal, and if we could push back, might we not find ancestors far more civilized than he? May it not be true, that through isolation and other causes, he has lost the high qualities of those from whom he sprang? And, if that is true, then the theory of those who claim the contrary is thrown into inextricable confusion. Even from a scientific point of view, there is no good reason for laughing at such a conception as original sin and there is less reason for being impressed by the laugh."

MEXICO RIGHT OF WAY SUIT**

Highway Commission Says Damages Are Excessive—Defendant Wants More.

MEXICO, Mo., March 20.—Litigation to obtain right of way on Highway No. 15, from Mexico to Paris, will be carried to the Supreme Court. It was stated here today, when counsel for the State Highway Commission, plaintiffs, and D. N. Day, defendant in a condemnation suit, announced their intention to appeal tomorrow from a Circuit Court verdict, awarding \$1200 damages to Day, who had asked for \$3200.

The commission will appeal on grounds of "excessive damages."

H. Cullen, St. Louis attorney, representing Day, replied that the defense, too, would appeal, raising the question of the legality of the State's authority to bring second condemnation proceedings to obtain right of way, as previously, in 1924, similar proceedings were used to condemn the tract now in dispute.

ENGLAND'S "MESSIAH" DIES

John Hugh Smyth Pigott Ruled Over "Abode of Love."

LONDON, March 21.—John Hugh Smyth Pigott, head of the sect known as the Agapemontes, died at Spiriton, Somerset, yesterday. In 1905 he announced that he was the Messiah, and retired shortly afterward to the famous Agapemontes "abode of love." He had a lawful wife, but this did not deter him from taking a "spiritual wife." Recruits, usually wealthy young women, often arrived at the "abode of love" to become disciples, or "soul wives," of Pigott, after putting all their money into a common pool controlled by the "Messiah." He was expelled from the Church of England.

Mrs. Nichols Narrowly Escapes Dangerous Ill - Health

Springfield Woman Suffering from Nervousness, Headaches, Dizziness and Backaches, Now Feels Like 16-Year Old Girl. Thanks to Tanlac

Beyond a certain point nothing in the world can call back youth and health. But the remarkable experience of Mrs. Jennie Nichols, 806 W. Olive St., well-known Springfield, Missouri, matron, proves that suffering in some cases is needless. She says: "I became so run-down that I was always tired, fagged out and drowsy."

"In spite of my troubles, the blinding, splitting headaches, the pains that seared my brain, dizzy spells that were so bad I couldn't do my housework, I tried desperately to smile and be cheerful. But it was impossible."

"If I got in a crowd in a store I would have to rest for a time to pull myself together. It must have been my nerves that bothered me. Food caused such severe gas pains and such pressure against my lungs that I could hardly breathe."

"Now working, walking and shopping no longer bother me. I have gained weight and my stomach is in such good shape that I can eat and digest anything. I am always hungry. My husband said that I will eat him out of house and home. He can blame Tanlac."

This wonderful tonic has given me health and made me feel like a girl of 16. Benefit by Mrs. Nichols' experience. Let this marvelous tonic, made from roots, bark and herbs according to the famous Tanlac formula, rebuild your run-down body, give you strength and relieve pain and suffering. First bottle usually gives amazing results. Ask your druggist for Tanlac. More than 40 million bottles sold.

AMERICANS pay tribute to Beethoven this week, commemorating the hundredth anniversary of the world's greatest composer.

The Columbia Centennial Edition of the Masterworks of Beethoven (electrical recordings, complete, without abridgement other than conventional repeats) is presented by the Columbia Phonograph Company as an appropriate permanent tribute to the master. Here in this immutable treasury with every music-lover find the symphonies, the quartets, and the sonatas in the special Centennial albums.

The message of Beethoven's music will be delivered in behalf of Beethoven Week by Walter Damrosch, assisted by the Musical Art Quartet, and vocalists, who are broadcasting the Beethoven Hour on Saturday, March 19, and Saturday, March 26, over the following stations: WEAF, WREI, WJAE, WTAE, WGR, WTI, WRC, WCHS, WCAE, WTAM, WWJ, WSAL, WGN, KSD, WOC, WCCO, WDAF, WGT, WHAS, WSM, WSB, WMC. Full details of this program will be given on the radio page.

The Masterworks series of the Columbia Phonograph Company, including the Beethoven Centennial Edition, contains 60 albums of the greatest works of the greatest composers from Bach to Strauss.

MARSHALS REPLACE BAILIFFS AT OPENING OF U. S. COURT

Federal Authorities in St. Louis Reducing Expenses Because of Shortage of Funds.

The spring terms of both divisions of United States District Court were opened today, with a lack of the usual court functionaries. Because the Senate filibuster kept the deficiency appropriation bill from passage, there is no money to pay bailiffs. There are regularly three bailiffs in each court, who receive \$4 a day. Instead of these, one Deputy Marshal was on duty in each court today.

Judge Davis will begin handling jury cases next Monday, and Judge Farls on April 18. Judge Farls has set 125 cases, mostly liquor cases, for the first three days of his jury period. Unless there are many pleas of guilty, no such number of cases can be handled within that time. Cases to come up before Judge Farls are those of Clarence Saunders, former head of Piggly-Wiggly, charged with using the mails to defraud; and Joe Sino-vich, assault, in the shooting of Prohibition Agent Dillon. Saunders' appearance is in doubt, as a United States Commissioner in Tennessee ruled against his removal from that State.

As has been told, there is doubt whether it will be possible to pay jurors and witnesses until after Congress passes the delayed appropriation bill when it convenes in December.

COAST-TO-COAST RECORD DRIVER VISITS ST. LOUIS

L. B. Miller, who claims the coast-to-coast speed record, by virtue of a run last year between New York and San Francisco in 83 hours and 12 minutes total time, was in St. Louis Thursday. Miller beat the fastest train schedule at the time by 10 hours and the train schedules of today by five hours.

He is touring the country as sales promotion manager for the Stover Signal Engineering Co., conducting a lecture tour before safety organizations and business men on safety factors of an automobile light developed by Walter D. Ryan, director of the illuminating laboratories of the General Electric Co., and produced by the Indiana Lamp Corporation.

RADIO NUMBER FOR GRANDMA

Mrs. Banister in St. Louis Tuned in on New York Program.

One number of the program broadcast from the studio of the Capitol Theater, New York, last night by radio station WEAF and relayed by the Post-Dispatch station, KSD, was dedicated by Maj. Bowes, the announcer, to Grandma Miriam Sparks Banister, of 5161 Waterman avenue, who celebrated her 110th birthday Saturday. She listened in.

The selection was played by David Gustikoff on the vibraphone, a metallic instrument used regularly in the Capitol Theater programs. Hundreds of thousands of radio listeners heard the announcement of Mrs. Banister's anniversary.

Jugo-Slavian Official Denies Reports of Mobilization.

By the Associated Press.
GENEVA, March 21.—There can be no question of Jugo-Slavia invading Albania unless Italy begins an invasion, an official of the Jugo-Slav Government told the press as he arrived at the League of Nations palace today to participate in the session of the preparatory disarmament commission.

He ridiculed report that Jugo-Slavia was mobilizing or dispatching troops to the Albanian frontier, and added that the Belgrade Government was ready to ask the military attaches of the allied powers to proceed to the spot and see the situation for themselves.

He had no instructions to appeal to the League, he added, but he believed that press dispatches saying the Belgrade Government was ready to submit the question in order that the independence of Albania should be League supervision represented the Government's view. The League, he pointed out, had already concerned itself with Albanian problems.

It is reported that the Italian representative at Belgrade in an official note to Minister of Foreign Affairs Peritch, declared Italy could not remain neutral in the face of Jugo-Slavia's apparent aggressive intentions toward Albania and that immediately afterwards the British Ambassador virtually informed Peritch that England was in sympathy with the Italian stand.

Denial at Belgrade That Powers Warned Jugo-Slavia.

By the Associated Press.

BELGRADE, March 21.—Neither the British nor Italian Ministers has given Jugo-Slavia any warning regarding the danger of Jugo-Slavia revolutionaries inciting revolt in Albania, says an official statement by Foreign Minister Peritch.

This denial is confirmed from a high diplomatic source.
The Jugo-Slavian News Agency has issued an official Government denial that any military preparations are being made on the Al-

banian front. The statement declares that such reports have been invented and that Jugo-Slavia wants only peace in the Balkans.

Foreign Minister Peritch declared today that the "news" recently appearing regarding war preparations against Albania is purposely printed with the object

FOR Acid Stomach PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little "Phillips' Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

Better Than Soda
For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

Try a 25c Bottle
Insist upon "Phillips." Twenty-five cent and fifty cent bottles, any drug store. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

ROBBER CHASED BY CROWD ESCAPES IN STOLEN AUTO

Man Was Fleeing After
 Holding Up Shoe Store at
 302 North Sixth and Ob-
 taining \$472.

A young man with a pistol held
 up the Thom-McAn shoe store at
 302 North Sixth street at 7:45 a.
 m. today, stole \$472 from the safe,
 and was chased to Third and Lo-
 cust streets by a crowd of men
 who were attracted by the cries of
 the store manager, Harry Bold-
 blatt. At Third and Locust, the
 robber held up a motorist and
 forced him to drive him from the
 downtown district.

Goldblatt had just unlocked his
 store for the day when the rob-
 ber, wearing an overcoat, entered.
 Thinking he was a customer Gold-
 blatt advanced to him, when the
 robber quietly unbuttoned his over-
 coat and sent coat, revealing an
 automatic in a belt holster.

"You see I've got it here," he
 said. "Now do what I say and I
 won't hurt you."
 Then the robber drew the pistol
 and ordered Goldblatt to open the
 safe, which he manager did with
 the pistol at his back. The rob-
 ber took the money, demanded
 Goldblatt's door key and departed,
 locking the front door behind him.

Goldblatt climbed through a rear
 transom and ran around to the
 front crying "Stop thief!" He
 chased the robber north to Locust
 street and east, while about 20 other
 men joined in the chase. The
 robber was leading by a city block
 when he clambered into the auto-
 mobile at Third street and disap-
 peared.

Goldblatt was telling his story
 at headquarters, when Lyndal
 Lester, a garagekeeper of 4012A
 Lafayette arrived there. He was
 backing into a parking space on
 Third street, he said, when the
 robber jumped into his machine,
 jabbed a pistol in his ribs and com-
 pelled him to drive north. Near
 Grand boulevard and St. Louis
 avenue, he said, the robber jumped
 out and fled through an alley.

THINKS COUNTERFEITS FOUND IN LAKE WERE OF POOR GRADE

Stephen Connell Believes Makers
 Discovered Them After Per-
 fecting a Better Plate.

The sack containing spurious \$5
 bills and plates found in a Fair-
 ground Park late Saturday after-
 noon was thrown there probably
 after the counterfeiters had suc-
 ceeded in making a more nearly
 perfect imitation of genuine cur-
 rency, Stephen A. Connell in
 charge of the Secret Service office
 here, said today.

Except for the quality of the
 paper upon which they are printed
 and a difference in a "check let-
 ter" the bills are identical with
 three \$5 counterfeits passed in St.
 Louis last week. They are imita-
 tions of notes of the series of 1907,
 bearing an engraving of Andrew
 Jackson in the lower left hand
 corner of the face and that of a
 pioneer chopping wood in the center.

Connell said the engraving on
 the reverse side of the bill was
 well done but that the specimens
 found in the lake had been dis-
 carded apparently because the pa-
 per used was too thick to escape
 detection. The bills bore the "check
 letter" C-297 and the bills passed
 last week A-382. Most of the bills
 found in the park were printed on
 only one side apparently to be
 pasted to a reproduction of the
 other side later. There were ap-
 proximately 5000 of them in the sack.

WOMAN WAITS FOR BURGLAR CAPTURES FORMER TENANT

Mrs. Bertha Williams Surrenders
 Gustave Fienup to Police
 at Overland.

Alone and in a darkened house,
 Mrs. Bertha Williams of 5256 Del-
 mar boulevard, last night waited
 for a man she believed to be a
 burglar. Three times the house at
 9408 Emerson avenue, Overland,
 had been entered and although
 only articles of almost negligible
 value had been taken, Mrs. Wil-
 liams waited for the Overland home.

At 10 p. m. she heard the noise
 of a door being forced. A man
 crept in. Although unarmed, Mrs.
 Williams switched on the electric
 light, revealing Gustave Fienup, a
 former occupant of the house who
 had been put out last month when
 he failed to pay his rent.

He accompanied Mrs. Williams
 to a telephone where she called
 the police, declaring he had re-
 turned to his former home to get
 some of his possessions. He had
 failed to move when he left the
 house.

Five Rescued From Tree in Flood.
 By the Associated Press.
 JEFFERSON CITY, March 21.—
 Five farmers were rescued by
 Government rymen early to-
 night from their precarious perch
 in a tree which had been surround-
 ed by the rising waters of the Mo-
 reau River, two miles south of
 here. Two of them climbed the
 tree when their boat capsized
 about noon. Three neighbors row-
 ing out to rescue them also were
 thrown into the water and climbed
 to the same tree.

IMPEACHED JUDGE ON TRIAL AT BAR OF INDIANA SENATE

Clarence W. Dearth, Who Had Row With Editor Dale in Muncie, Accused of Corruption.

HE SAYS HE WILL FIGHT TO A FINISH

Both Governor and Attorney-General Doubt Constitutionality of the Proceedings.

By the Associated Press.
INDIANAPOLIS, Ind., March 21.—Circuit Judge Clarence W. Dearth of Delaware County went to trial for his official life at the bar of the Indiana State Senate today. He is charged with corruption and other high crimes. This was the first time in nearly a century that the Senate had acted as an impeachment trial court. Dearth has announced he will fight to a finish and if necessary will take the stand in his own defense.

Members of the Board of Managers of the House, who drafted the articles of impeachment, say they have plenty of evidence to substantiate the charges.

The case reached the attention of the Legislature last month after Dearth had caused the arrest of nearly 50 newsboys in Muncie for selling copies of the Muncie Post-Democrat because it contained an attack on him. The newspaper is published by George R. Dale, for years an enemy of the Judge. Dale has appealed to the United States Supreme Court from a contempt conviction by Dearth and now is directing the publication of his paper from Fort Recovery, O.

Attorneys for Dearth contend that the law under which the impeachment articles were drafted is unconstitutional and that the Senate has no jurisdiction. Gov. Jackson, who also is an attorney, and Attorney-General Gilliom, have held the same opinion. The Governor has declined to name a temporary Judge of the court as provided in the statute of 1927 under which the Senate voted to hold trial. A suit to mandamus the Governor to do so will be heard in Marion County Court next Saturday.

The 50 Senators do not know by what means they will be paid for their services. The law provides that they be paid \$6 a day while serving in the regular Senate. No provision has been made for their remuneration while sitting as a court of impeachment. Approximately 500 witnesses have been subpoenaed and it has been variously estimated the case will last from two to six weeks.

WAGNER FILES HIS PETITIONS AS SCHOOL BOARD CANDIDATE

Stephen M. Wagner, president of the Board of Education, filed with the Election Board today his petitions for re-election as a member of the board, in the election of April 5. The estimated number of signatures is about 10,500, or nearly three times the legal requirement of 3600.

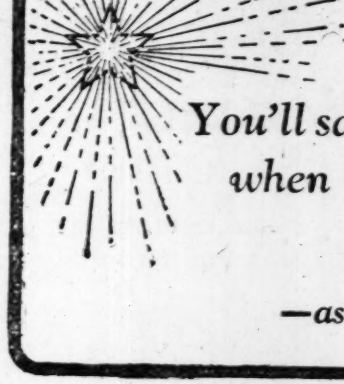

Wagner said the petitions were circulated by his friends, without request from him. Some of the circulators were school teachers, who, as voters, have the legal right to circulate and sign such petitions.

Some teachers have circulated petitions for other candidates, according to information which has reached the Citizens' School Board Committee. The Executive Committee of the citizens' body will meet Thursday in the Chamber of Commerce Building, to indorse four candidates, on whom voters will be asked to concentrate in the election.

Petitions nominating Mrs. Julia Childs Curtis, a Negro, of 4215 Finney avenue, for the board, bearing 5700 signatures, were filed today. Election officials do not recall that a Negro ever ran for this board before. Another candidate filing today, the last day for this, was George W. Johnson, an attorney, of 2854 A. Missouri avenue. He had 8454 signatures. Others who filed previous were Henry P. Schroeder, Dr. Paul Eckardt, Arthur S. Werremeyer, Miss Eleanor D. Horton and Myrt A. Rollins, who seeks re-election. A number of others were expected to file late today.

CHAMPIONS SEX EDUCATION

Dr. Harriet Cory Would Ally It With Plant Study.

The alliance of sex education with study of plants and animals at school so that such information may be given children in a whole-

some and indirect way was suggested by Dr. Harriet Stevens Cory, educational director of the Missouri Social Hygiene Association, in an address yesterday afternoon at the Washington University medical school auditorium.

"The object of providing this in-

direct instruction in schools is in no way to supplant the knowledge every child should receive at home, but to give added meaning and richness to the knowledge by broader contacts," Dr. Cory said.

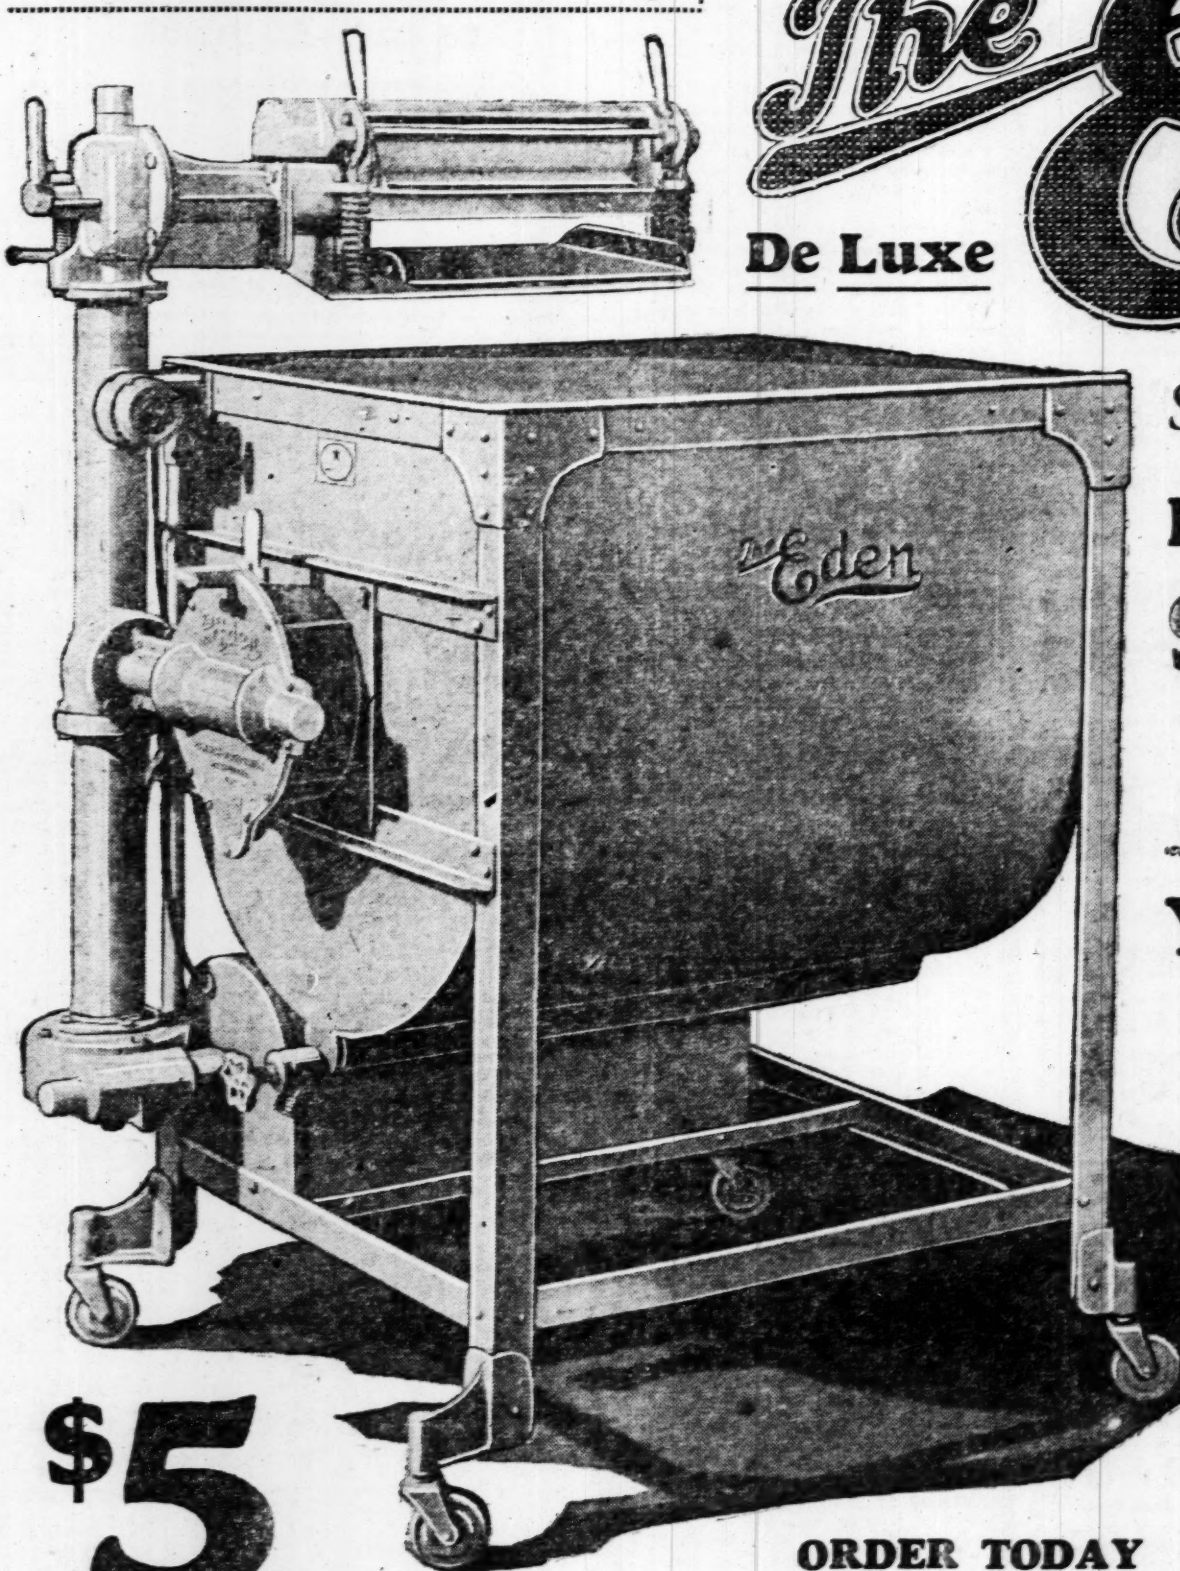

Renowned cooks—including mother—say Snider's when they want to add a finishing touch to their art.

Tigers Average 26 Years.

By the Associated Press.
DETROIT, March 21.—While Connie Mack, John McGraw and other managers have loaded up this year with veterans, Manager George Moriarty of the Detroit Tigers will be in the field with a squad whose average age is 26, an inventory disclosed.

The 19 regulars of the team are: Blue, 29; McManus, 27; Tamm, 28; Whitehill, 27; Wells, 27; Rubie, 28; Gibson, 27; Hankins, 24; Doyle, 29; Carroll, 24; De Vivero, 26; Woodall, 22; Basler, 22; Shea, 26.

McAllister's Pitching Plans.

By the Associated Press.
CLEVELAND, March 21.—Manager Jack McAllister of the Indians is building his pitching staff around Uhl, Shaute and Levens. It is expected he will work these three standbys about every fourth day.

Walter Miller and Sherry Smith are expected to work every fifth day and if Garland Buckeye starts the season in good shape he is expected to get regular assignments. Benny Karr will probably hold a relief assignment.

The Senators showed the regular lineup with the exception of the cleanup position. Buddy Myers, who is counted on as the regular cleanup position, was left at camp for some intensive training to take off excess weight and become a young infielder from Georgia Tech, played the position.

Joe Judge was at first. Manager Bucky Harris at second and Oswald Blume at third. The great outfield of Sam Rice, Tris Speaker and Goose Goslin was on duty.

John Berger, a young catcher who came from New Haven, is considered the first string man on the bench. Benny, the other catcher, does not measure up to young Berger in receiving or throwing. This was the reason for the rumor that he is to figure in a trade with the Browns.

Eirich, St. Louis
Bowler, Second
In Title Event

Gets Total of 691 in Singles
of A. B. C. Tourney
at Peoria.

Special to the Post-Dispatch.
PEORIA, Ill., March 21.—E. Eirich of St. Louis rolled into second place in the singles of the A. B. C. tournament here yesterday with a total of 691. His scores were 84, 248 and 259. Eirich had trouble in the first game, but found the pocket in the next two and piled up many strikes.

The two-man leadership was maintained several times, but no combination was able to surpass the mark of 1295, set by Luby and Stewart of Chicago.

J. Mitchell and W. Metcalf of St. Paul with 1293 went into third place. A "tap" in the last frame of the third game beat them in 1269. After getting a strike on his first ball, Mitchell planted another one in the pocket, but the 6 pin wiggled, squared and rocked, but finally stood.

Zavakos Totals 723. H. Sanders and T. Zavakos, Dayton, got 1285 to tie Janowski and S. Kanzer of Chicago for fourth place. M. Klug and W. Elbert, Toledo, shot 1277 for sixth. J. Enquist and I. Sawyer, Chicago, got 1258 for ninth and H. Strabler and H. Robinson, Toledo, got 1255 for tenth.

Two changes were made in the all-events. R. Stewart, St. Paul, with 1886 got sixth place and J. Mitchell, St. Paul, 1873, seventh. Tom Zavakos, Dayton, rolled 723 plus in the two-man event for the high-three game series of the tourney. His partner got 562, giving the pair 1285. Zavakos' scores were 256, 243 and 224.

Getting away from Dayton start the Indiana five of Indianapolis battled its way into third place last night in the team event with a 2971 count. The Silver Flash five of Indianapolis slid into sixth place with 2929.

FIVE ST. LOUISANS REACH SEMIFINALS OF NATIONAL BOXING MEET

TWO MEMBERS OF TEAM LOSE IN FIRST ROUND

With Dwight Fryer, of Little Rock, Western District Is Represented by Six Boxers—Finals Tonight.

CINCINNATI, O., March 21.—St. Louis boxers have made a very worthy showing in the preliminary rounds of the National A. A. U. junior boxing championship tournament here, five of the eight representatives of the Mound City having survived to enter the semifinals. Dwight Fryer, a member of the St. Louis team, but his home is in Little Rock, Ark.

New York has six survivors and Grand Rapids four, so that St. Louis does not entirely monopolize the spotlight. Three lads from Pittsburgh, two from Philadelphia and two from Cincinnati, are highly regarded, while Chapel Hill, N. C.; Boston, Cleveland and New Orleans are also represented.

Of the original team of eight from St. Louis, the following survive:

Joe Ghoully (118 pounds).
 Peter White (125 pounds).
 Reggie Wood (135 pounds).
 Dwight Fryer (135 pounds).
 Frank Power (160 pounds).
 Dave Knost (heavyweight).

Clifford Deetz and Jerry Hoffman are the two St. Louisans who were unsuccessful in their first round matches.

Newspaper opinion gave Seney Swinger, Cleveland and Harry Lieberman, New York, probable position in the finals for flyweights. Harry Lange, Cincinnati, was regarded as a likely winner of bantamweight honors.

Joe Hanlon of New York, led the middleweights while D. McKinnon of Boston and Addison Warren of Chapel Hill, N. C., led the light heavyweights. Other divisions were in a more uncertain balance. The tournament will be resumed tomorrow night.

The semifinals were:

112-pound class—F. Lattanzio, New York; Gene Bianco, Boston.

Uruguay Soccer Champions Give Brilliant Exhibition In Beating Indiana, 6 to 1

Critics Rate Eleven as Best That Has Ever Visited United States—Forwards Shoot at Will, While Backs Easily Stop American Team's Raids.

Special to the Post-Dispatch.

NEW YORK, March 21.—Showing brilliant football, the Uruguay soccer team opened its tour of the United States with a 6 to 1 victory over the Indiana Flooring team at the Polo Grounds yesterday afternoon, before a crowd estimated at close to 18,000. The one-sided score represents the easy manner in which the visitors dribbled through the Indiana defense.

Most of the scoring resulted from the exceptionally clever playing of Uruguay's right wing players, S. Urdinaran and Scarone, whose brilliant footwork was a feature of the game. The fine exhibition of the Uruguay team, as a whole, left a very favorable impression. Critics of the football teams that have ever visited the United States, not excepting the famous Hakoah team, which made such a wonderful impression on its tour of this country last spring.

The ability of the Uruguay players to drive for goal on the first opportunity was soon evident.

The South Americans forced a corner at the left in the first rush down the field, but Castro, headed over. The home team experienced difficulty in defending owing to the slippery condition of the turf, and S. Urdinaran made a try for goal, but shot over the bar. A pretty drive from the left, but Castro headed over. The home team experienced difficulty in defending owing to the slippery condition of the turf, and S. back, was cheered as he took the ball from Miller and Leonard.

On resuming, after the interval, Scarone wormed his way through the opposing defense to get in a strong drive which Renzulli saved. Scarone then called upon a long shot from Fernandez. In the scramble that followed, he was injured, and was relieved by Brown. A few minutes later the Uruguay forwards, through the best effort of Renzulli, scored the first goal. The ball was headed down the field, but Castro headed over. The home team experienced difficulty in defending owing to the slippery condition of the turf, and S. Urdinaran made a try for goal, but shot over the bar. A pretty drive from the left, but Castro headed over. C. W. Whitten, State manager of high school athletics, announced that four officials would be used in the State finals. They are Lawrence Rotz, Decatur; Arthur Swideberg, Rock Island; Joe Johnson, Decatur; and Howard Barbre, Springfield.

Immediately following the final game Saturday evening the Athletic Association of the University of Illinois will entertain the visiting athletes and coaches with a buffet luncheon. The Champaign News-Gazette is sponsoring a sport canteen for the coaches Saturday noon.

All games of the State finals will be broadcast over Station WRM, the University of Illinois broadcast station, with a wave length of 273.9 meters. Eddie Jacquint, sports editor of the Champaign News-Gazette, will broadcast.

Wellstons, Standing Pat on Losing Lineup, Defeated by Banners in Soccer Feature

As a Result, Ben Millers Virtually Clinch Pennant—Raticans Pass Up Numerous Chances to Score Against Millers—Flavin Makes Debut.

An unexpected turn of events at Sportsman's Park yesterday enabled the Ben Millers to increase their lead over the Wellstons in the race for the St. Louis Soccer League championship and as a result there now remains little question that the Millers have clinched the title.

This advance of the Millers was made possible by the victory of the White Banners over the Wellstons by a margin of two goals to none. It appeared that the Wellstons had not yet recovered from the disappointment of their defeat in the national cup game on the previous Sunday, for their game lacked its usual sparkle and dash. But the White Banners might have done just as well against a stronger club than the Wellstons for they played the matter of defense they were far superior to the defeated cup contenders.

Link Heads One Through.

Harold Link, the little German inside left forward, scored the first goal by heading through a cross from another youngster, Eickmeyer. Unofficial timers, including a league official who is expert in the matter of handling the stop watch, took note of the fact that the first half of this game went 3 minutes beyond the legal limit and Link's goal was scored during this over-time period. This is a pointed illustration of the need for a revision of the rules which at present force the referee to act as timekeeper.

In the second half, in spite of the fact that the White Banner forward line was weakened by the removal of Gene Thumm, another goal was scored. Eddie Hanson was almost solely responsible for this tally, beating Hitchcock, and giving Diel a shot so hard the goalie could not manage it. The ball came right back to Hanson and he headed it into the goal mouth where Eickmeyer, darting in from the wing as though he knows something about the game, breast-thrust it through the goal. Eddie Flavin made his debut at center forward for the Banners and gave all sorts of indications that he will be a valuable asset to the team. Above all, he is cool under fire.

The defeat must have been disappointing to the Wellston followers, but there was greater cause for grief in the fact that no new men were used by Manager Brady in an effort to bolster the weak spots in his lineup. That there are weaknesses is undeniable.

In the second game, the Raticans outplayed the Ben Millers throughout the first half, but failed to maintain the pace in the second period. Harry Ratican was the target for a lot of criticism from the fans because of his inability to move around at center forward. Had there been an active man at the pivot the Raticans might have scored four goals in the first half. Brenge, Bochnick, Eickmeyer and Rich played high-class football and Anderson was much improved.

Nash Should Do Roadwork.

For the Millers, Benny Nash showed some of his old cunning at inside right in the first half, but apparently has not put himself into good physical condition. Curran also went well at outside right for one half, while Tommy White, substituting for Frank Vaughn at fullback, was extremely active. Although they won by 3 goals to 1, the Millers still failed to show anything approaching co-ordination of the sort that will beat a good team.

Hennessey scored twice, once on a cross from Jim Dunn, who had gone out to the right side line to retrieve the ball, and again with his head on a cross from Bollam. Hennessey jumped a wee bit higher than Jim Dunn to get the ball. The third goal was a rifle from mid field by Philbrick Erbe, doing the right thing a free kick.

Brenge tallied the Raticans with a terrific right foot shot at the outside left position.

Mulroy held the ball too long in the first half. His crosses were too close to the goal to be of service. Tal might do to try the "one kick" game, which sets results for a lot of good side forwards.

Remaining Games at Oak Park.

Yesterday's double-header included the St. Louis Soccer League's stand at Sportsman's Park and henceforth the game will be played at St. Louis University Park and Laclede avenue. The league matches will be reduced to 50 cents, it was announced. President Barker today.

Jack Daniel Men Back to Prison Wednesday

J. Whalen, Morris Multin, Harry Levin and D. A. O'Neill Get Telegraphic Orders.

Four St. Louisans, who were convicted at Indianapolis with others in December, 1925, for conspiracy to violate the Volstead Act in illegal removal of 20,000 gallons of whisky from the Jack Daniel Distillery warehouse in Sevier, Tenn., in collusion with George Bennis, Cincinnati bootlegger, were taken to the United States Penitentiary at Leavenworth Wednesday to begin serving their sentences.

They were notified by telegraph today by the United States Marshal at Indianapolis to meet him and a convey of other prisoners at Union Station to begin serving their sentences. They were notified by telegraph today by the United States Marshal at Indianapolis to meet him and a convey of other prisoners at Union Station to begin serving their sentences. They were notified by telegraph today by the United States Marshal at Indianapolis to meet him and a convey of other prisoners at Union Station to begin serving their sentences.

These men and the sentences they must serve after a long, losing fight in the Supreme Court of the United States, are Michael J. Whalen, former Democratic City Committeeman, two years and \$5000 fine; Morris Multin, former whisky dealer, two years and \$5000 fine; Harry Levin, former deputy constable, two years and \$5000 fine; and Daniel A. O'Neill, former deputy constable, 15 months and \$5000 fine.

Goldstein Plea Pending.

They joined Nat Goldstein, Republican politician and former Circuit Court judge, who also was sentenced to two years and fined \$5000, in the unsuccessful appeal to the Supreme Court. Goldstein since has filed a petition for probation, on the ground of ill health, on which he will be given a hearing before Judge Robert Baltzell at Indianapolis Thursday. Congressman L. C. Dyer of St. Louis will represent Goldstein on that occasion.

Sentences Served by Seven.

Seven other St. Louisans who did not appear have served penitentiary and jail sentences in this case. Arnold J. Hellmich, former Collector of Internal Revenue, was paroled after serving a third of his two-year prison term and was sent to the penitentiary for 15 months.

Other St. Louisans convicted in the case and granted new trials, yet to be held, were: Senator Kinney, Tony Foley, ex-convict and St. Louis County gambler; John P. Connor, St. Louis County gambler, and Robert E. Walker, former Deputy Sheriff. Fred Eason, St. Louis County Republican boss, was indicted, but was ill when the others were brought to trial. His case is still pending at Indianapolis.

WASH
away constipation

— that is the scientific way to internal cleanliness

WHAT is the greatest of all cleaning agents? The answer is: **WATER.** You use water for washing externally. You should use it, too, for the internal wash.

Common drinking water would make an excellent laxative, but for one thing. It is quickly absorbed, and excreted by the kidneys. Hence, only a small portion enters the intestinal tract.

Pluto Water acts just the other way. That is the reason for its pronounced laxative value. Science knows that the mineral content of Pluto exceeds the mineral content of the blood. As a result, Pluto Water is not absorbed, but passes through the eliminative system practically intact, flushing and cleaning all that's before it.

That's why Pluto is so positive and thorough, giving results in 30 minutes to two hours. That, too, is why Pluto never grips. The action is natural, gentle and harmless. Pluto does not cause habit-forming tendencies, nor will it weaken the system.

When you need a laxative, remember that the medical profession for almost a generation has recommended Pluto Water in preference to the artificial "drug" type of cathartics. Ask your druggist for Pluto, and you will always play safe. Bottled at the springs, French Lick, Indiana.

NEW ORLEANS, March 21.—Champion City Can Dog Marketeer, a male shepherd owned by Geraldine Rockefeller Dodge of New York, was adjudged the best dog in the Louisiana Kennel Club's annual bench show which closed here last night.

The winner, which is considered the best shepherd dog in America, is valued at \$25,000. Champion was first named winner in the contest for "working class" dogs.

OXFORD STROKE IS DOWN WITH MEASLES

By the Associated Press.

PUTNEY, England, March 21.—Oxford's rowing jinx, which has haunted the dark blues for the last two years, appeared again today with the announcement that the varsity stroke, W. S. Llewellyn, is down with the measles. The big race with Cambridge is less than a fortnight away.

A. M. Hankin, one of Oxford's alternates, stroked the boat in today's practice.

Pivotal Industrials Rally

By Leased Wire From the New
York Bureau of the Post-Dispatch
NEW YORK, March 21.—The
closing of the stock market today
was a narrow range.

"Active bidding for high-grade
railroad stocks, selling at
yields, steadied the stock market
today, after a wave of selling
had depressed the industrial list
and had disturbed confidence to
some extent. In sympathy with
the strength in rails, pivotal indus-
trial stocks rallied toward the end of
the session, but speculative selling of a
large group of specialties and
weakly supported industrials gave
the general list an irregular ap-
pearance. Continued ease in money
rates found response in further ad-
vance of gilt-edged securities,
especially Government bonds.
Some of the speculative obligations
fell back with the stock market.

Heavy Forenoon Selling.
"Heavy selling in all parts of the
list in the forenoon appeared to
have been inspired by reports that
banks had become more particular
about collateral put up for loans
and had required larger margins
for some stocks. There were some
recessions in oil shares, while the
motor group was disturbed for a
time by a revival of reports of an
impending price war directed by
Henry Ford against his direct
competitors. An unexpectedly low
cotton crop at 17,000,000 bales, about
700,000 below the December esti-
mate, was a cheerful development,
however, resulting in a sharp ad-
vance in cotton futures and arousing
expectations of improved mer-
cantile trade in the South. Con-
tinued favorable credit conditions
helped, too, to sustain confidence
in the market, money brokers re-
porting an abundance of funds at
2 1/2 per cent on the outside while
exchange demand loans held at 4
per cent.

Selective Character.
"The selective character of the
market received further emphasis
when several industrial favorites
and many of the better grade rail-
road shares were bid up steadily
in the face of distressed liquidation
in a few specialties that fell to new
low levels for the year. Such fa-
vorites as General Motors and U. S.
Steel came back strongly after
signs of heaviness in the forenoon,
hammered the whole list. More-
over, Atchafalaya, Lakawanna, road-
ing, as well as several other good
advances. New Haven & Western
Maryland sagged from con-
siderable success in some of the
forenoon, however, Houston Oil
breaking below 100, Warner Bros.
Pictures, Continental Baking and
Southern Dairies falling to new low
levels for the year.

Life Is Lower.
"Fluctuations in foreign ex-
changes were generally narrow, the
only outstanding development be-
ing a recession in the lire. Beas-
tales on Italy fell back about 5
points, while Madrid exchange
dropped back below the 17 1/2 cent
level.

Wheat Moves Quietly.
"The advance of 12 to 23 1/2 c
a bale in cotton prices failed to
arouse any enthusiasm in the grain
market and wheat and corn moved
quietly in a narrow range. The
principal contracts showed little
change at the close.

STOCK EXCHANGE MOVES
INTO ITS NEW QUARTERS

The St. Louis Stock Exchange
moved into its new quarters at
Fourth and Locust streets today.
No program market, the initial ses-
sion of trading in the new home
was quiet, with the trading house
not being completely finished.
A formal opening is expected to be
held within a week.
President Bixby has not returned
from the West.
The new home located on the
ground floor of the building of the
Fourth and Locust streets today.
The new home is larger than the old one
and has a balcony on the east
side of the hall. The chairman's
rostrum is on the Locust street
side. Telephone booths connecting
with various brokers' offices are
along the north wall.

WHEN YOU DON'T
WANT TO EAT
Or What You Eat Hurts or

Try a little diaspain. It's powerful in the stomach—contains real digesters that lead a hand to do the work a strong and healthy stomach would do naturally. It digests such foods as fresh bread, pastry and rich cake. It enables you to get away with sausage, baked beans or mince pie.
But no matter what you eat, even if you can't digest milk or meat makes you bilious, or your stomach gets gassy, with heartburn or sour risings, diaspain almost instantly makes your stomach sweet, absorbs the gas, makes you feel comfortable and enables you to digest and empty the stomach on time and ready for the next meal.
Get a 60-cent package of Pape's Diaspain at any drug store. It will solve your stomach comfort.

ENGLISH KING FACTOR IN CHICAGO PRIMARY

Charge by "Big Bill" Thompson of Pro-British School Histories Not Borne Out.

Special to the Post-Dispatch.
CHICAGO, March 21.—One of the foremost figures in Chicago's recent primary campaign, whose name wasn't even on the ballot, and who never saw Chicago, was no less a personage than his majesty, King George of England.

William Hale Thompson, the "Big Bill" of one of the Republican factions, put him in the campaign, and beat him hands down; smothered him, if King George were aware of it, under the greatest majority of votes ever given a candidate for public office in Chicago. Thompson received more than 350,000 votes, 15,000 more than the total of his three primary opponents.

His platform was "America first," and his political speeches, shouted from one end of Chicago to the other, warned Chicago of its great peril of becoming an English colony under King George's dominance, unless it cast its votes for him.

Didn't Forget Opponents.
But Thompson didn't forget his opponents while shouting at King George.

They were Edward R. Litsinger, banker, business man and public official, backed by another Republican faction headed by Senator Charles S. Deneen, admittedly high-class, but styled for campaign purposes the "Bridgeport Boy"; William E. Dever, Democrat and present Mayor, called "Bill the Tanker"; and Dr. John Dill Robertson, former Health Commissioner and School Board president, simply called "Doc."

Big Bill's enmity toward King George seems to have been caused by something someone pointed to in Chicago text books as being pro-British. But a committee appointed to investigate declared they couldn't find it.

But just a few doors away "Bridgeport Boy" Litsinger was demanding:

Wet Ticket Wins.
"And what about tax? Every time Big Bill hears me mention this subject he works himself into a frenzy and yells, 'Lies! Lies! Lies!' Whenever he sees the figures of his own administration as Mayor, he sees red. Here the figures are: A total of \$2,835,568 paid to five real estate 'experts' for appraising property."

Then the "Bridgeport Boy" said: "We hear Big Bill Thompson say, 'Make me Mayor of Chicago.' We ask him, 'What'll you do if you are returned as Mayor?' and he says, 'Why, I'll go over to England and lick King George.'"

Thompson threw "water" on the subject by replying: "Litsinger is dry. Dever is dry. And Doc Robertson is so dry he never takes a bath. The Doc used to boast he didn't take a bath in years. But read Bill Thompson's platform—you can't find anything wetter than it in the middle of the Atlantic."

SIX PERSONS BITTEN IN

STREETS BY DOGS IN DAY

Man Who Goes to Aid of One Run Down by Auto Suffers Lacerated Hand.

A motorist who did not stop yesterday struck a dog with his automobile at Glasgow avenue and Benton street, and when Herbert Martin, 30 years old, a pollster of 2854A Benton street, carried the injured animal to the sidewalk and sought to relieve its pain, it bit him on the right hand. Martin was treated at the city hospital. The dog died.

Five other persons were bitten yesterday by dogs in the street. Walter Gregory, 16, 2826 Lyon street, on left arm; Nelson Kiburz, 7, 7226 South Thirteenth street, on left leg; Ruth Freeman, 12, 2028 Pine boulevard, on right leg; William A. English, 23, 1030A Geyer avenue, and Charles Hittler, 33, 2721 South Eleventh street. Hittler was visiting a friend, Charles Fehr, 1411A Menard street, when Fehr's dog bit him. This started a fight in which Hittler, Fehr and two other men engaged. All were treated at the city hospital for bruises suffered in the fight, and Hittler's dog bite also was cauterized.

COLLEGE RECEIVERSHIP SUIT

CONTINUED UNTIL APRIL 11

Counsel for Mrs. Malone Tells Court There Is Likelihood Action Will Be Settled.

Hints of a settlement out of court was given today when the suit of Aaron E. Malone for a receivership and accounting against his estranged wife, Mrs. Annie M. Turnbo Malone, president and founder of the \$1,000,000 Poro College, was called for trial in Circuit Judge Hartmann's court. Counsel for both sides agreed to a continuance to April 11.

Charles Nagel, of Mrs. Malone's counsel, told the court that trial at this time might embarrass everybody as "there was some likelihood that the matter might be adjusted." Edward Foristel, representing Malone, declared he was ready for trial but had agreed to the continuance.

The principal reason ascribed for the continuance was that Mrs. Malone had engaged former Congressman Cleveland A. Newton as one of her counsel, and he is ill. He is to conduct the trial of the case, Attorney Nagel said.

TWO BASKETBALL PLAYERS

LOSE LIVES IN DAVIS CREEK

Kansas City Squads Get Ducking; Nineteen Scramble to Safety.

KANSAS CITY, Mo., March 21.—Richard Hartman and Walter Brewer, basketball players, returning here by bus from the State High School basketball tournament at Columbia, lost their lives in Davis Creek, near Sweet Springs, Mo., yesterday. The bus carried the teams of Central and Northeast High Schools of Kansas City, 21 persons in all.

The driver, Stede Aldridge of Kansas City, said that when Davis Creek was reached and he saw that the swollen waters of the stream had partly submerged the bridge, he had the boys disembark and called a farmer with a team and wagon to take his passengers across.

The bus, thus lightened, was to follow. The wagon, with the boys crowded on, had reached the further end of the bridge, Aldridge said, when the ground seemed to crumble beneath it, and the vehicle slipped down the bank. Most of the boys scrambled to safety. Hartman, however, clung to the wagon and was carried downstream by the rushing current. He was seen to go under and did not reappear. Brewer died of exposure later at Sweet Springs. He clung to an obstruction in the creek for an hour before he was hauled out. The Kansas City-St. Louis highway was closed after the accident.

Auto Race Driver in Movie Hurt

VENTURA, Cal., March 21.—Richard Perry, Los Angeles, automobile race driver, was seriously injured when his machine was shot through the fence during the filming of a motion picture. Perry was speeding before the camera for a race picture starring Red Grange. He suffered a fractured jaw and was badly cut about the head.
